

Natural Wood & Natural Stone

Natural Wood and Natural Stone are universal tile collections which, thanks to their properties, can be used for applications on floors (living rooms, halls), interior walls (kitchens and bathrooms) and exterior surfaces (balconies, terraces, and external walls). They can be used in a wide range of different arrangements and enable interior designs to assume a coherent, elegant style.

The design of these two collections is based on the colouring and structure of natural materials.

Natural Wood comprises four collections based on natural wood. Natural Stone is comprised of four collections with designs and colours imitating natural stone.

The two collections share common features. They are linked by their:

- use of natural colouring (range of beiges, light browns and greys),
- designs based on natural motifs,
- small number of simple, elegant decorations,
- universality – the same tiles can be used on both walls and floors.

Size: 29,7 x 59,8
14,8 x 59,8

Number of elements: 8

Base tile colour: pine, teak, oak, nut

Surface type: matt

Design: This collection has the structure and colour of natural wood. The pattern on the tiles imitates the understated design of hand selected wood, which ensures a refined and uniform appearance for the floor.

Technology: glazed porcelain stoneware

Application: for internal and external use (bathrooms, living rooms, halls, terraces)

  abrasion-resistance class  frost-resistant tile

Size: 14,4 X 59,3
29 X 59,3

Number of elements: 6

Base tile colour: pine, maple, chestnut

Surface type: matt

Design: These tiles imitate the structure and colour of natural wood with well-defined, characteristic woodgrain patterns. The Livingwood collection are rectified tiles which, when used with a thin grout, allow you to achieve a surface with no visible divisions.

Technology: glazed porcelain stoneware

Application: for internal and external use (bathrooms, living rooms, halls, terraces)

non-slip class

Size: 14,7 X 59,8

Number of elements: 4

Base tile colour: pine, teak, oak, nut

Surface type: matt, structural

Design: This tile collection imitates the natural appearance and texture of wood. The pattern of the tiles imitates milled wooden decking with a deep structure. Thanks to their non-slip properties, these tiles can be used primarily in external areas.

Technology: glazed porcelain stoneware

Application: for external use (terraces)

abrasion-resistance class

frost-resistant tile

non-slip class

Size: 29,7 X 59,8

Number of elements: 9

Base tile colour: cream, beige, grey

Surface type: glossy

Design: These tiles imitate natural stone with a delicate structure. Thanks to their light subtle colours and matte surface decorated with sparkling glass specks these tiles are perfectly suited to bathroom walls and floors.

Technology: glazed porcelain stoneware

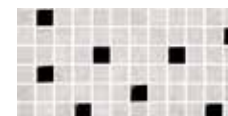

Application: Their excellent anti-slip properties allow their application internally and externally.
